THE SINGLE

The first single from Astral Rocks' new line-up, with NOX on lead vocals. A riff-driven rock song: punchy guitars, a gritty lead vocal and an electro-acoustic harp, built around the chorus "Down by the riverside, I am alive". Recorded in October 2026 at Black Sheep Studio in Lisbon.

"But the beauty was never in the drugs. It was already there. I also wanted the song to show compassion towards people struggling with drugs. They may be someone we know or love."
